
ABATTIS SUBSIDIARY, VERGENCE, ANNOUNCES FIRST PRODUCT IN LINEUP NOW AVAILABLE FOR SALE

Vancouver, BC – March 3, 2016 – [Vergence](#) Sales and Marketing Group, wholly owned subsidiary of **Abattis Bioceuticals Corp.** (the "Company" or "Abattis") (OTCQX: ATTF) (CSE: ATT), is pleased to announce the **launch and sale** of [NÖXX BOTANICAL BLENDS™](#). Each NÖXX product contains [PHYTO\[NOS\]™](#), a proprietary nitric oxide formula, blended with specific natural fruit and herb extracts that promotes vascular function, immune system function, sexual function and works in tandem with our targeted botanical blends to enhance their focus and effect.

The [NÖXX BOTANICAL BLENDS™](#) line of natural health products were formulated by noted, retired naturopathic doctor and global health ambassador, Brazos Minshew. Brazos brings his decades of naturopathic and product development experiences to create products which address ailments that positively impact our health and well being.

Vergence will release the NÖXX BOTANICAL BLENDS line of products one product at a time. The first to launch, [Comfort™](#) White Willow Blend, is available for pre-[sale now](#) in the United States and is scheduled to be shipped to customers later in March. Comfort™ is an ancient remedy with a modern twist. For thousands of years, Asian physicians trained in Traditional Chinese Medicine have used powerful herbs to improve the comfort of their patients. In North America, the traditional healers of Native cultures used plants to improve the performance of their most valued Tribal Members. We combined the remedies from these two cultures to create the matrix for Comfort™. With the addition of [PHYTO\[NOS\]™](#), we combined modern ingredients designed to improve circulation with plants combinations to improve performance and reduce discomfort. The general trend in consumers making healthier choices related to dietary options continues to grow. In keeping with that sentiment, we have always tried to create value for our shareholders and those efforts continue.

"We at Abattis are very excited about this first step in the sale of natural health products by Vergence." Says Bill Fleming, Abattis' CEO. "With the science divisions of Abattis to support research and development, technologies that will be deployed to establish a base of safe and reliable ingredients and an extensive array of natural product formulations that will be taken to market over time, Abattis is uniquely positioned to foster the development of products that will provide profound health benefits to consumers today and will be further enhanced in future with the addition of innovative, cannabinoid-based ingredients as regulations allow."
